

Evidence of Student Learning

This is one of my proudest moments as a student because I was able to showcase my talent of having a keen eye and showcase my hard work. It only depicts that what I learn from school can be used in real life. This project was a project for a big client, yet I was able to use it as a school output.

The screenshot shows a Canvas LMS interface. On the left, there's a list of items: 'Quizzes' (Feb 5 by 1:15pm, Feb 5 at 4:16pm, 14 / 18), 'Personal Banner Assignments' (Feb 10 by 11:59pm, Feb 10 at 11:07pm, 11 / 15), 'Company Banner Assignments' (Feb 12 by 11:59pm, Feb 12 at 9:36pm, 15 / 15), and 'Quiz 4 Written (F2F)' (Feb 26 by 12:15pm, 12 / 20). The 'Company Banner Assignments' item is highlighted. On the right, a 'Feedback' section shows 'Attempt 1 Feedback:' with a comment: 'ito po banner ginawa ko for a client recently. - JEANE CLAUDE MAGLAQUI'.

This is one of my most saddest moments because I lost the opportunity to achieve Latin honors. In this scenario, I acquired COVID-19 and I wasn't able to focus on my studies at that time which is why my grades went lower than usual.
